

Crown Heights LED A19 Vintage Edison Bulb
(E26)
LC003785

Project Name: _____

- Features a glass and brass light bulb with hand-woven, energy-efficient LED filaments in a vertical, helical formation
- Our take on a classic bulb shape (A19) with a gathered point
- Standard base size of E26 - suited for most sockets
- 3W and an estimated 25,000 hours of use; the long LED lifespan means no maintenance - install it and leave it
- On the color temperature scale, this bulb reads at 2200K. It is a soft, warm white - perfect for spaces meant to be cozy and inviting
- Dimmable, allowing you to adjust the light to your desired ambiance
