

Oscar LED Flush Mount, Matte Black with Brass
Accents
LC005439

Project Name: _____

- Ceiling mounted fixture combines an LED light board housed in a stylish matte black round body with six brass shade holders and a white opal glass shade
- Used alone in a room or in multiples in a hallway, this slim-profiled round flush mount measures 14" diameter x 3.5" high
- This modern ceiling light emits a bright, warm white light at 3000K and 1720 delivered lumens
- Dimmable fixture, allowing you to adjust the light for your desired ambiance (dimmer not included)
- Integrated LED board lasts around 50,000 hours, providing years of illumination without having to change out bulbs
- California Title 24 compliant - providing maximum efficiency and performance
