

Myrtle LED G40 Vintage Edison Bulb (E26)
LC004278

Project Name: _____

- Features a glass and brass light bulb in an antique finish with hand-woven, energy-efficient LED filaments in a squirrel cage formation
- Boasts a unique G40 shape - large and globe-shaped, with pumpkin-like ridges
- Standard base size of E26 - suited for most sockets
- 4W and an estimated 25,000 hours of use; the long LED lifespan means no maintenance - install it and leave it
- On the color temperature scale, this bulb reads at 2200K. It is a soft, warm white - perfect for spaces meant to be cozy and inviting
- Dimmable, allowing you to adjust the light to your desired ambiance
