

Dekalb LED T14 White Vintage Bulb (E26)
LC004774

Project Name: _____

- Features a single glass and brass bulb with energy-efficient LEDs hidden within classic white glass.
- Boasts a unique T14 shape - short, yet tubular with a slightly rounded top
- 3W and an estimated 25,000 hours of use; the long LED lifespan means no maintenance - install it and leave it
- On the color temperature scale, this bulb reads at 3000K. It is a soft, warm white - perfect for spaces meant to be cozy and inviting
- Standard base size of E26 - suited for most sockets
- Dimmable, allowing you to adjust the light to your desired ambiance
