

Piper 20 LED Outdoor Retro Bulb String Lights  
LC005071

Project Name: \_\_\_\_\_

- One strand of 20 vintage-style, A19 bulbs with integrated LEDs strung along 40ft of sturdy black wire and powered by a standard plug-in transformer
- Connectable up to three strands for a dramatic 120 feet of beautiful electric string lights. Each light comes with a detachable 10ft lead wire for easy installation anywhere
- On the light-temperature scale, these string lights measure 2700K, a warm and inviting light perfect for special events or everyday
- These festive indoor/outdoor lights are shatterproof and weather-resistant. Rated IP44, safe for most weather conditions
