

IMPORTANT

Before using your LampLust Glass Bunnies, please make sure that you carefully read through these instruction sheets.

NOTE: The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care are factors that can't be built into any product. This approach must be used by the person(s) caring for and operating the glass bunnies.

GENERAL INFORMATION

Battery installation should only be performed by an adult. Only batteries of the same or equivalent type as recommended should be used. Battery leakage can cause corrosion and damage to this product so please remove non-functioning batteries immediately. Remove batteries from the product during long periods of non-use.

DO NOT DISPOSE OF IN FIRE. Please dispose at your local recycling facility.

STEP BY STEP INSTRUCTIONS

Before turning on your glass bunny lights, remove the battery tab from the battery compartment, (located on the bottom of the bunny) thereby activating the battery.

1

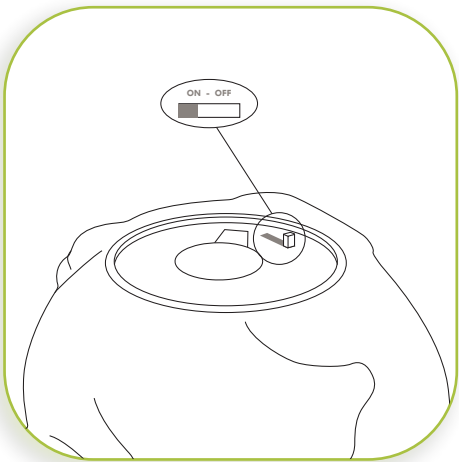

WHAT WE PROVIDE

- 2 Glass Bunnies
- 4 CR2032 Batteries (2 per Bunny)

BATTERY INSTALLATION

Each bunny works with 2 x CR2032 MAX or CR2032 batteries (included). The battery compartment is located on the bottom of the bunny. The battery box has a little metal tab. Lift the tab slightly and insert the batteries between the tab and the spring. Push the tab back down to secure before replacing the plastic battery cover. Batteries should be inserted with the correct polarity as indicated (+/-) and battery compartments secured before use.

2

SWITCH OPTIONS

The OFF/ON switch is located on the bottom of the bunnies, below the battery compartment.
