

IMPORTANT

Before assembling your Lamplust Silver Wire Rope Light, please make sure that you carefully read through these instruction sheets.

NOTE: The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care are factors that can't be built into any product. This approach must be used by the person(s) caring for and operating the rope light.

GENERAL INFORMATION

DO NOT cover this product as doing so may cause rope light to overheat and melt or ignite. DO NOT operate with the rope light tightly coiled. DO NOT puncture, cut, shorten or splice the rope light. DO NOT route the cord or rope light cable through walls, doors, windows, or any like part of a building structure.

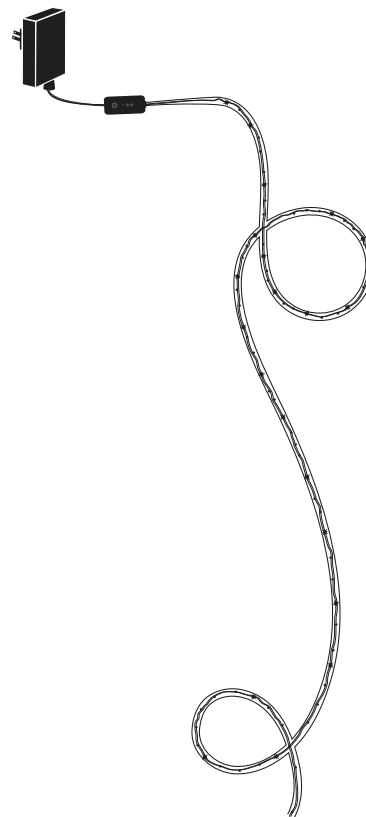

DO NOT submerge rope light in liquids. Secure this rope light cable using only the zip ties or clips provided.

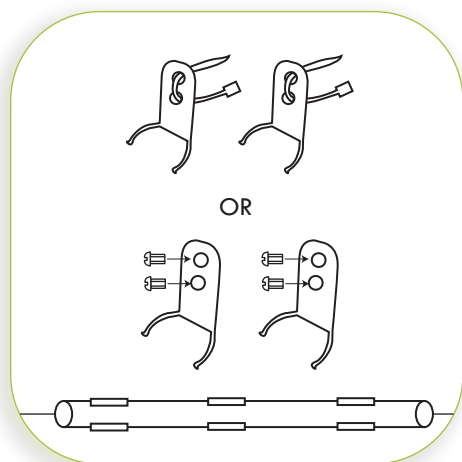

STEP BY STEP INSTRUCTIONS

Before installing your rope light, remove packaging. When setting up the rope light, carefully position cables to avoid a hazard, and when hanging the rope light use a stable method of support.

WHAT WE PROVIDE

- 211 LEDs on silver wire encased in pvc tube
- 10 phillips head screws
- 10 zip ties
- 10 mounting clips
- Switch included on lead wire
- Plug-in power supply

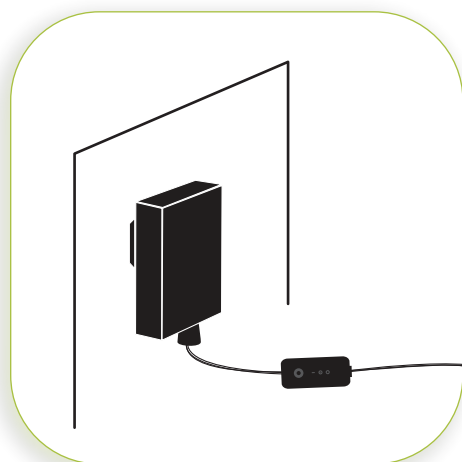

1

HOW TO INSTALL A ROPE LIGHT

Secure the rope light using clips provided. Clips may be secured using the small phillips head screws provided. You may also secure the clips with the included zip ties. Once the clips are installed, snap the rope light into place.

2

PLUG IN THE ROPE LIGHT

Insert the plug into your wall outlet.

3

SWITCH OPTIONS

Press the button, the light will turn ON.
Press the button again to turn the 6-hour timer ON.
Press the button a third time to turn off the lights.
